Create my account

Welcome to Sulitest.org!

Your first step is to create your account by filling up this form.
A (*) in a field means that it is required information.

Individual Organization

Create an organization's account

You are about to register yourself as the official contact and administrator of your organization in the Sulitest.org database.

Academic institution Company or other private or public organization

Thank you for your interest in the Sulitest!
If you already had an account on the former platform (before September 2016), try to login first with the same login and password: it is very likely to work.
If it doesn't work, then please fill in this sign-up form.

Create an account for an academic institution

The creation of such an account is restricted to persons duly authorized by their organization.

As a representative of your organization, and administrator of your organization's account in Sulitest.org, you will be responsible for the creation and management of examiners. They will then be able to create sessions for your target audience (you will have this authorization too).

Please make sure you are entitled by your organization to take this role.

You can also [check here the list of organizations who already registered in your category](#) to make sure none of your colleagues already signed up for your organization.

ANONYME SESSION FOR THE SAB - september 2016

Here you can add candidates to the session you have chosen in the list above (or choose another session in the list).

For this session, only the examiner can add candidates by ticking the box below.

And be aware that clicking on 'add candidates' before leaving this page will send the emails/invitations immediately!

If you would like to send emails/invitations later, do not choose any option and please come back to this page when you will want them to go.

I might have already registered candidates (see list in tab "Create & manage sessions > candidates"), and I have a new list with more candidates that I want to sign up myself (required: first and last names, emails). They will receive their login and a temporary password.

Fill in the chart below with your candidates' information. Or copy and paste from a spreadsheet, in the format below.

APPENDIX B

The Quiz

Play as a team with the new Sulitest game!

Instructions:

Divide participants into teams (minimum 2) on the Sulitest platform set-up. Teams connect via their phone or tablet to the game session. They have one minute to answer each of the 10 randomly selected questions. The individual results are presented on the screen with the questions. Graphs display the number of teams connected, the answers chosen and the each team's results by question, and an overall summary showing the winning team and their results.

Logistics: video projector and a good wifi connection so guests can connect via their phone. An excel listing (with email, name, first name, name of the team) allowing to invite the participants just before the session.
